## FOR THE CHILDREN'S TRUST

**THIS NATIONAL DOUGHNUT WEEK FOR EVERY DOUGHNUT YOU BUY, WE WILL DONATE:**

**TO THE CHILDREN'S TRUST THE UK'S LEADING CHARITY FOR CHILDREN WITH BRAIN INJURY**

### VIOLET'S STORY

When eight-year-old Violet had a stroke, she lost all movement in the right side of her body.

One month later, Violet and her family arrived at The Children's Trust. Over the course of the next nine weeks, Violet received intensive specialist rehabilitation - including physiotherapy, occupational therapy, speech and language therapy, emotional therapy, school lessons and play.

Violet made great progress and is now cantering on her pony again and dreaming of a place on the Paralympic Equestrian team.

Rob, Violet's dad, says: "By the time we left (The Children's Trust), her soul was back. Her spark. It was like talking to Violet again. We feel like our little girl has a really great future ahead of her. The Children's Trust does that for families."

For children with brain injury and neurodisability, every penny counts!

### WHAT WE COULD DO WITH YOUR DOUGH...

- £4** Pays for a touch and feel sensory toy.

---

- £8** Buys soft play cubes.

---

- £15** Funds fibre-optic lights for a multisensory room.

---

- £57** Buys a physio ball to help a child to balance and play.

---

- £200** Funds a music system to help children have fun and give them added stimulation.

---

- £600** Keeps our fleet of specialist vehicles on the road for one week.
